### **Calling all Kindergarteners!**

Do you know Blue Hill residents who have a child who will be entering kindergarten next fall? Please call us to make sure we have them on our list for registration on May 7 and 8. Thanks.

### **Become Involved**

Here at Blue Hill Consolidated School, we are very grateful for our Parent, Teachers, and Friends group. Time and again they provide us with special activities for the kids and with funds to help out with old traditions and new ideas. So, thank you, members of the PTF. Right now they are looking for a Co-President to work alongside Heather Nelson, our Kindergarten teacher, as she steers the group ahead. The rewards of this kind of work can be huge, so perhaps you will consider taking on this challenge. Please let me know if you are interested.

### **Screen Awareness Week is April 30 – May 4th**

The PTF is sponsoring a week's worth of fun activities to make it easy for you to give up TV, computer, and video games for a whole week. Please sign-up before Friday, April 27<sup>th</sup>, as many activities have limited numbers and they will be filled on a first-come-first-serve basis. If you have questions, please call Heather Nelson at 374-2202.

### **BHCS Water Caution**

A recent test of our water has indicated that we had 11 ppb of arsenic in the water; the limit by state regulations is now 10 ppb. The filter was re-examined on Tuesday and the professionals think they have found and repaired the faulty mechanism. Another test will be done within the week, but in the meantime we have been drinking bottled water from Tradewinds (we appreciate their donation) or water that has been obtained from GSA where they meet the same school requirements as us.

### **It's Spring - Time to Review the School's Dress**

**Sports News**

Intramural baseball will be starting May 7. Third and fourth grade students are eligible to participate in the BHCS Intramural Baseball Program. Look for a schedule and permission slip this week.

A-Baseball and A-Softball Families: Thank you for attending the parent meeting last Monday. Families are now ready, the athletes have uniforms, and everyone is on the same page with expectations. The printed schedules are amazingly still accurate. It should be a great season!

The Fields: Thank you to Glen Astbury and Christie Snow and her family for all of their hard work on our softball field this April vacation! You may not have noticed how fabulous it looks, as it is tough to see from the parking lot, but the edging around the field has never looked sharper, the gravel has been raked smooth, even in the dugouts where it is still holding water nicely despite all the rain. We have new benches made by Blake Eaton, and Franklin Burke is rejuvenating the backstop. It is looking better than ever. Thank you, to all these hard workers!

Thank you, also, to the crew working on the baseball field, including Denny Rackliffe and his family, Rod Simmons, and the Scheff's for the use of their tractor to keep the AA field looking fine. It has a new crisp baseline from home plate to first base and should be draining better than it did last season.

**Ultimate Frisbee** – Our fearless Frisbee leader is back! John Richardson will be flying some disc on Fridays with students in grades 4-8. The schedule is available on the school website on the Athletics calendar. Cancellations will be posted on the site as needed. Here are the first four dates: April 27 (THIS FRIDAY), May 4, May 11, and May 18. We are thinking Frisbee will continue into June also: June 1 and June 8. Join the fun!

**Farm League**

There will be a practice for 1st grade students interested in playing Farm League on Saturday, April 28, from Noon - 2:00 PM at the AA field.

Registration forms will be available then. If you have questions call Krissy Emerton 374-5991.
